Health & Safety - Assessment

Contractor - Non-Construction

Dear Brian Flynn,

I have completed my assessment of your application and I am pleased to inform you that your application has been assessed as compliant and is now registered in the CHAS scheme national database. You should not take compliance as a right of entry to clients select or preferred lists as there may be other stages involved. Our clients have the right to ask for further additional job or project specific H&S information on application, especially at invitation to tender or a second stage assessment.

Your CHAS Accreditation certificate will be issued automatically. Please allow 10 working days to receive your accreditation pack, an electronic copy of your certificate will also be emailed with this approval letter.

One of the aims of our scheme is to reduce unnecessary duplication. In the event your company is asked to complete a CHAS or similar questionnaire by one of our clients please contact them before completing the application to seek information as to why it is required.

Please visit the CHAS web site www.chas.co.uk for any further information about our scheme.

Yours sincerely

Liam Smith, Accredited Assessor
